The Neighbourhood Planning Group is gathering comments today in order to inform the next steps of the Neighbourhood Plan.

We can confirm that the address details requested will not be used for any purposes other than those stated above.

THE OPTIONS

Do you have any further thoughts on Option 1?

This option I feel will get over ridden and get more interference of Council options

Do you have any further thoughts on Option 2?

This is the preferred option as we will possibly get more benefit for the Parish

Of the two options which do you prefer:

Option 1: Keep partial control – Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control – Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

COMMUNITY FACILITIES

Do you think a Community Land Trust is a good idea?

Yes No

Would you participate in the Community Land Trust?

Yes No

Would you be interested in helping to run a Community facility?

Yes No

OTHER CONSIDERATIONS

Do you think a new secondary school should be considered at Ford?

Yes No

Do you think provision should be made for a new main road from Ford Lane to Yapton Road if a new bridge crossing is proposed?

Yes No

THE OPTIONS

Do you have any further thoughts on Option 1?

I feel we should stay in control and if this means being flexible and working towards including more housing it should be done

Do you have any further thoughts on Option 2?

Option 2 would be my option. However it is essential to sort the road infrastructure out. The new rail bridge + closure of Ford + Yapton makes sense. No impact on existing residents with increased traffic in their area. New Of the two options which do you prefer: housing would accept as road would be there as part of this plan.

THE OPTIONS

Do you have any further thoughts on Option 1?

No - it seemed a set and option - but now, with the local plan which is the air - it does not seem so viable

Do you have any further thoughts on Option 2?

If this option is chosen - maybe we would have more control! but it does not seem a given

Of the two options which do you prefer:

Option 1: Keep partial control - Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control - Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

The Neighbourhood Planning Group is gathering comments today in order to inform the next steps of the Neighbourhood Plan.

We can confirm that the address details requested will not be used for any purposes other than those stated above.

THE OPTIONS

Do you have any further thoughts on Option 1?

The development should be restricted to the airfield 'brownfield' site, and not impinge on agricultural land.

There are too many 'greedy' landowners who would sell their mother if asked!

Do you have any further thoughts on Option 2?

It is far too large a development for the existing roads, but adding further access it will bring unnecessary traffic to both Yapton and existing Ford roads. The potential closure of the level crossings and a 'new bridge' proposal would just exacerbate the clogging of roads.

Of the two options which do you prefer:

Option 1: Keep partial control – Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control – Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

Yes No

ANY ADDITIONAL COMMENTS?

Whilst a school may be desirable for families with children, the population is increasing in the elderly section. There should therefore be more provision for bungalows so the elderly have a comfortable retirement.

THE OPTIONS

Do you have any further thoughts on Option 1?

Both of these options only affect the residents of Clymping - who have no say

Do you have any further thoughts on Option 2?

These are scare tactics.
1500 new homes = 3000 + extra cars
Totally impossible situation

Of the two options which do you prefer:

Option 1: Keep partial control - Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control - Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

THE OPTIONS

Do you have any further thoughts on Option 1?

Although I am not a resident of Ford I live in Clipping. I understand the need for some development and at least this plan offers reasonable separation between the villages while meeting some housing needs. But this needs to be looked at with proposals - Yaptan & Clipping

Do you have any further thoughts on Option 2?

This would be unworkable if you look at Ford, Yaptan, Clipping & Warbeton. With all the other developments this would create a huge suburb and end village life for us all. If you also look at the developments of the two options which do you prefer: Proposed - Bonham & Eastergate then the whole area will be impossible by road.

Option 1: Keep partial control - Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control - Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

Difficult to vote on this as I do not live in Ford. But there needs to be dialogue between Ford, Clipping & Yaptan neighbourhood plan committees

THE OPTIONS

Do you have any further thoughts on Option 1?

Main areas consideration are roads which are totally inadequate to current needs. Schools. Flooding, with additional open spaces being developed, could be a nightmare. Loss of agricultural land. Promises made are rarely fulfilled by developers. We should also insist on promises being fulfilled BEFORE development begins.

Do you have any further thoughts on Option 2?

Same as above?

Of the two options which do you prefer: Factors above better development is agreed.

.....

Of the two options which do you prefer:

Option 1: Keep partial control – Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan	<input type="checkbox"/>
Option 2: Keep full control – Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led	<input type="checkbox"/>

NEITHER OF THE ABOVE - THIS HAS ALREADY BEEN DISCUSSED WITH THE ECO-TOWN PROPOSAL

.....

Do you have any further thoughts on Option 2?

..... loaded option, there are many more
..... solutions.
.....

Of the two options which do you prefer: *Neither*

Option 1: Keep partial control – Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control – Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

COMMUNITY FACILITIES

Do you think a Community Land Trust is a good idea?

Yes No

No idea what it is

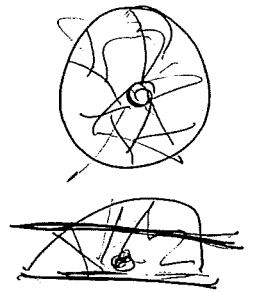

Would you participate in the Community Land Trust?

Yes No

Would you be interested in helping to run a Community facility?

Yes No

getting too old, younger generation should run these with the young & old in mind.

OTHER CONSIDERATIONS

Do you think a new secondary school should be considered at Ford?

Yes No

Maybe, but who pays for it? The housing developers & land owners will not have sufficient profit that they will part with to build schools.

Do you think provision should be made for a new main road from Ford Lane to Yapton Road if a new bridge crossing is proposed?

Yes No

Some road would have to be built otherwise we have a bridge to nowhere.

ANY ADDITIONAL COMMENTS?

The 2 options mentioned overleaf are loaded statements. Neither option is suitable. Nothing solves the road issues, and closing 2 level crossings & opening one bridge funnels all traffic into one space. Nonsense.

THE OPTIONS

Do you have any further thoughts on Option 1?

Too many houses at the village will be 'dumped' on by Arun who will see this as a favoured site (early).

Do you have any further thoughts on Option 2?

Ditto - by agreeing to either of these you condemn the Yapten/Ford area to higher development (than surrounding areas)

Of the two options which do you prefer:

NEITHER ARE ACCEPTABLE

Option 1: Keep partial control - Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control - Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led

Avoid a bridge at all costs. It's a green light to development

THE OPTIONS

Do you have any further thoughts on Option 1?

Although not a resident of Ford, the main adverse effect of the proposed development will be the detriment of Clipping where I do live.

this whole area is becoming an overspill area for Greater London which is totally unexeptable to our local community.

Government policy says local decisions should be made by local people. This is not the case!!

Of the two options which do you prefer:

Option (3) No Further Development!

Option 1: Keep partial control – Allocate 750 homes with any additional homes to be allocated by Arun District Council within the Local Plan

Option 2: Keep full control – Allocate 1,500 homes with new development at Ford being Neighbourhood- Plan led
