19	All trading estates should be kept free of rubbish and landscaped properly with only trees on the plans - actually planted. Some trading estates are full of rubbish - Footpaths are not being maintained properly - especially those between Ford + the downs. We all need highspeed, reliable - online connection - our mobile phone signal is also very poor.	11/28/2014 9:56 AM
20	By not making Ford Airfield an oversized Industrial park - far too many large lorries damaging the roads our lives and area in general. They have little or no concern for the residents, very selfish when driving along Ford Road and Ford Lane going too fast and using up both sides of the road feel very intimidated.	11/28/2014 9:49 AM
21	Plant trees on the airfield.	11/28/2014 9:39 AM
22	Create small village on airfield. Restore the area from the "War Zone" to country village.	11/28/2014 9:32 AM
23	Buses	11/27/2014 12:37 PM
24	Ford is basically a rural parish with the airfield containing the business/ employment location. I feel that any expansion should be contained within this brownfield site. Thus preserving the "green" nature of the area. Extra footpaths/cycle tracks perhaps but Ford is perfect as it is!	11/26/2014 12:51 PM
25	By keeping the area the same, no more development and keep the countryside.	11/26/2014 12:36 PM
26	Bus service from Ford to Arundel and Littlehampton.	11/26/2014 12:29 PM

33	Reinstate Yapton railway station. Improve drainage on road south of Ford Station so pedestrians can get to and from the station without being soaked by cars driven through standing water. Focus local business less on heavy truck reliant companies - There are too many HGVS!	11/24/2014 8:54 AM
34	Foot path/cycle route down to A259. Join of both East and West Ford.	11/24/2014 8:44 AM

49	Better roads, less housing, more village shops.	11/20/2014 6:39 AM
50	Something needs to be done at the Ford railway crossing for the traffic.Sometimes get held up by 5 + consecutive trains. About time a road bridge was considered.	11/20/2014 5:56 AM
51	There is NO village feel at all. It would be lovely to create one with a local shop or hall.	11/20/2014 4:09 AM
52	More cycle paths that offer continuous flow to littlehampton and bognor (+ further afield) The A259 is dangerous for cyclists.	11/20/2014 3:53 AM

1	Strongly against Crundon being allowed to build 2 x 50m chimneys	11/30/2014 4:08 PM

6	More local shops	11/29/2014 2:30 PM

10	Would like to see some road lights	11/29/2014 1:43 AM
11	Better communication between the Parish council and residents	11/28/2014 12:43 PM
12	Listen to the people and stop developing and destroyed our peaceful town	11/28/2014 12:38 PM
13	Leaving due to grundon situation	11/28/2014 12:32 PM
14	More street lighting	11/28/2014 12:09 PM
15	No place for grundon waste area	11/28/2014 11:55 AM
16	Needs to be speed limits	11/28/2014 11:48 AM
17	As earlier - all plans for new building on virgin land - should include a requirement of landscaping and tree planting. So often this is included in the plans and then not executed. I believe there are many brown field sites for development in the area - old industrial estates and the like - use first before touching any green sites	11/28/2014 10:00 AM
18	We chose to live in Ford because of all the open space. If we wanted to be surrounded by houses + shops etc we would live in a town.	11/28/2014 9:53 AM
19	Moved here because it is like it is.	11/28/2014 9:46 AM
20	Good quality development. No more waste sites. Self build - 600 + houses needed.	11/28/2014 9:38 AM
21	No more development and too much traffic	11/27/2014 12:53 PM
22	No more houses	11/27/2014 12:43 PM
23	Whilst both building options are within Ford boundries, they will heavily impact on the village of Yapton which already has problems with schools, parking etc. I think a smaller development at the airfield is more acceptable - using brownfield site instead of destroying more countryside.	11/26/2014 12:59 PM
24	We love the country feel of our area and are disgusted by the thought of the Grunden plans spewing out pollution so near to housing development. Please don't ruin our lovely green spaces.	11/26/2014 12:42 PM
25	Ford road needs to be upgraded	11/26/2014 7:44 AM
26	More lighting near train station	11/26/2014 7:31 AM
27	No more development	11/26/2014 7:26 AM
28	I don't want development at all	11/26/2014 7:15 AM
29	Keep further development in line to keep Ford rural not make it into a town. Use the Frunden area for solar panels. On your plans you need to show what is proposed in Ford by Yapton and Climping	11/24/2014 8:50 AM
30	Along with the majority of residents in Burndell Road we object to the planned development of land south of Burndell Road due to flood risk and loss of green spaces.	11/24/2014 8:42 AM
31	Please leave our village alone where housing is concerned. 1 school! 1 Large supermarket! Roads, narrow, dangerous and conjested!	11/24/2014 8:33 AM
32	Disappointed and will be moving out from yapton due to the development	11/23/2014 9:43 AM
33	The stretch of road that is along Mallisau Drive, (near the post box) apparently is no man's land. This road always floods, is getting worse with the years, and green part alongside is a dumping ground. Can the council buy it and maintain it?	11/23/2014 5:26 AM
34	Leave things how they are - just do something about the horses!	11/23/2014 4:36 AM
35	Some of the traffic to and from the air field could be made to use the alternative entrance, thus relieving the people who live on Ford Road to a certain extent.	11/23/2014 4:14 AM
36	Get rid of the horses.	11/23/2014 3:57 AM
37	I am sad that the area of Rolloston Park is not maintained. It is just a mess.	11/23/2014 3:53 AM
38	Residents on my road where unable to vote in the referendum, the rest of the estate were.	11/23/2014 3:39 AM
39	Speed limit should be enforced. HGV should be directed onto A259	11/23/2014 3:33 AM
40	Ford is an agricultural area, no new houses are needed.	11/23/2014 3:29 AM
41	Community hub should include facilities for local businesses, a youth centre and cafe.	11/23/2014 3:21 AM

Ford Neighbourhood Development Plan Survey

42	I struggle to reach work due to flooding in the roads surrounding me every time it rains. Johnson Way and the start of the industrial estate MUST be tackled soon.	11/20/2014 7:00 AM
43	Ford does not have the road/rail infrastructure to cope with any large-scale developments. I moved here to enjoy the village feel and countryside. I don't want more development, pure and simple. The problems with travellers and their horses needs to be addressed. Sick of horses tethered on public space, causing mess and general anti-socialness	11/20/2014 6:10 AM
44	I think Ford NEEDS A COMMUNITY not an industrial estate. There is no nucleus, just a scattenary of large firms with large lawns and a ghastly smell from the "poo farm"!	11/20/2014 4:22 AM
45	I would like something done about the amount of horses tethered to various grass verges, onto pavements etc. It's like living at "The high Chaparal" at times. It's an accident waiting to happen.	11/20/2014 4:08 AM
46	Ford is ok by me but there is room for improvements, hope they get there while I'm still living.	11/20/2014 2:23 AM
47	Speed bumps needed.	11/20/2014 2:16 AM
48	Re-establish missing trees and add additional to protect wildlife. Wildlife habitat is rapidly being destroyed!	11/20/2014 2:09 AM
49	No	11/17/2014 9:56 AM
50	Ford has not got enough space for more houses.	11/17/2014 9:29 AM
51	Development in the west must be in conjunction with development in Yapton.	11/17/2014 9:22 AM
52	You shouldn't build in Ford because of flooding risks	11/17/2014 9:01 AM
53	Stop all development Stop all new road plans	11/16/2014 1:06 PM
54	Thankyou for doing all this work	11/16/2014 12:55 PM
55	Markets need to go Unnecessary traffic in village Keep lorries completely away	11/16/2014 11:59 AM
56	Would like to see housing associations- to the parish council Please no incinerator cause it will be a night mare for such a scenic area Really worried about health effects	11/16/2014 11:50 AM
57	If you allow more building on agricultural land its lost forever. If you take it away slowly your still losing wildlife that depends on open spaces. We owe it to our future generations to preserve as much as our heritage as we can. A new house is only ever affordable the first time it is built and sold it becomes more expensive every time its sold	11/16/2014 11:35 AM
58	Lived in house for more than 15 years Heartbroken that buildings are being built in "back garden" If could move out i would	11/16/2014 11:13 AM
